

2019 Residential Solar Rebate Program

Marblehead Municipal Light Dept.

Program Info:

- Residential Solar Only
- Max. System Size 25 kW
- Max. 20% Shading
- Must Face Between 150 degrees (due East) and 270 (due West) degrees
- Rebate = \$1.20 per watt up to 5 kW
- The Program runs until July 31, 2020 or until all the program rebate funds are spent, whichever comes first.

Application Process:

1. Complete the SOLAR INTERCONNECTION APPLICATION available online at <https://marbleheadelectric.com/solar-installations.html>
2. Upon approval of your application by MMLD, you will receive an INITIAL APPROVAL LETTER FOR SOLAR GRANT APPLICATION via email.
3. Submit the INITIAL APPROVAL LETTER FOR SOLAR GRANT APPLICATION issued by MMLD to MMWEC and complete the online MLP SOLAR GRANT APPLICATION available at www.MMWEC.org.
4. MMWEC will review your completed Grant Application to be sure it meets the program requirements and will forward the application to Mass DOER for final approval.
5. Once your Grant Application is approved by both MMWEC and Mass DOER, you will receive a GRANT APPROVAL letter indicating grant funding has been reserved for your project. Note that the actual rebate funds will not be released to you until installation and activation of your solar project is complete.
6. Your GRANT APPROVAL letter from MMWEC/DOER must be attached to your MMLD SOLAR INTERCONNECTION APPLICATION. Please email it to mmilan@mhdld.com.
7. GRANT FUNDS will be issued to the applicant upon final completion, interconnection, and activation of your solar project. The CERTIFICATE OF COMPLETION issued by MMLD will provide confirmation that the project is complete and operational. This CERTIFICATE must be submitted to MMWEC to request the release of your GRANT FUNDS.
