By signing this form, I certify that I have purchased an electric vehicle and I am an electric customer of the utility listed above. I am providing the requested information solely to be eligible to receive a free EV Charger through this program and request that the personal information supplied by me be treated as confidential.

### Load Management Program Benefits

Sometimes major events happen on the electrical system outside of our control. Costs for these peak charging events are spread across MMLD's entire residential customer base. By participating in our load management program you are ensuring that MMLD is able to respond to these events with emergency scheduling via Wi-Fi connection to lower your charging rate until the event passes. Thank you!

### Additional Restrictions:

- Only Residential Customers with an Active Municipal Electric Account are Eligible to Participate
- Limit ONE Free Charger per Household
- Electric Utility and its Affiliates not responsible for damage to charger

Charge Smart with a FREE Residential Wi-Fi Level 2 EV Charger!

### Conditions for Receiving Charger:

- Available for full Battery Electric Vehicles
- Participation in Load Management
- Must have Wi-Fi Connection Enabled
- One Charger per Household
- Charger Must be Installed by a Qualified Electrician within 30 Days. Electrician will pick up the unit at the light department when acquiring electrical permit.
- The Utility Reserves the Right to Change or End this Offer at Any Time

How to get your FREE Charger
